## *A brief note from Yolanda Nunez, Volunteer Faith Formation Coordinator....*

What a happy and successful year we all had. Great attendance, participation and a few crazy ideas and activities along the way. The 2018-2019 Faith Formation year will begin again on Wednesday, September 19th, in the St. Mother Teresa Missionary Center, from 6:30pm-7:45pm. Please enjoy your time off from school, but always remember, Jesus invites you to come to him every Sunday and share in the beauty of the mass. I will be gone the month of July, not doing anything special. Youth Ministry will be meeting, as always, every other Friday this summer. God bless....

**SOLEMNITY OF THE MOST HOLY BODY AND BLOOD OF CHRIST  
BY POPE FRANCIS**

Today is the glorious Feast of the Solemnity of the Most Holy Body and Blood of Christ! A day that challenges us to reflect and rejoice on the gift that we have been given - the Body and Blood of Jesus, Himself! There is no food that could ever compare to the Body and Blood of Christ...no food that can heal us like the Body and Blood of Christ...no food that can give us strength like the Body and Blood of Christ...no food that can change

hearts and minds and spirits like the Body and Blood of Christ...no food that can bring us everlasting life like the Body and Blood of Christ... Last year Pope Francis gave a beautiful homily on this Feast Day and the following are excerpts from what he said. Read it slowly and prayerfully and pray that the Body and Blood of Christ may transform your life ...

*"Jesus gives us this food, in fact, He himself is the living bread that gives life to the world (cf John 6:51). His Body is real food under the species of bread; His Blood is real drink under the species of wine. It is not simple nourishment with which to satiate our bodies, as manna; the Body of Christ is the bread of the end times, capable of giving life, and eternal life, because the essence of this bread is Love.*

*Communicated in the Eucharist is the Lord's love for us: such a great love that He nourishes us with himself; a gratuitous love, always at the disposition of every hungry person and needy of regenerating his strength. To live the experience of faith means to let oneself be nourished by the Lord and to build one's existence not on material goods, but on the reality that does not perish: the gifts of God, His Word and His Body. If we look around us, we realize that there are so many offers of food that do not come from the Lord and which seem to satisfy more. Some nourish themselves with money, others with success and vanity, others with power and pride. However, the food that really nourishes us and satiates us is only that which the Lord gives us! The food the Lord offers us is different from the others, and perhaps it does not seem as tasty as certain foods which the world offers us. Then we dream of other meals, as the Jews did in the desert, who mourned for the meat and the onions they ate in Egypt, but they forgot that they ate these meals at the table of slavery. In that moment of temptation, they remembered, but their memory was sick, it was a selective memory - a slave memory, not free.*

***Today, each one of us can ask himself: and I? Where do I want to eat? At what table do I want to nourish myself? At the Lord's table? Or do I dream of eating tasty foods, but in slavery? Moreover, each one of us can ask himself: what is my memory? That of the Lord who saves me, or that of the garlic and onions of slavery? With what memory do I satiate my soul?***

*Shortly, in the procession, we will follow Jesus truly present in the Eucharist. The Host is our manna, through which the Lord gives us Himself. We turn to Him with trust: Jesus, defend us from the temptations of worldly goods that render us slaves, poisoned food; purify our memory, so that it will not remain enslaved in egoistic and worldly selectivity, but will be a lively memory of your presence throughout the history of your people, memory that becomes "memorial" of your gesture of redemptive love. Amen."*
